

About measures to prevent COVID-19 spread

In order to prevent COVID-19 from spreading within the facilities, P.R.I. Library implements the following measures.

[Service hours]

The library is open from 9 am to 5 pm or 4 pm on weekdays.

For details on shortened opening and temporary closure, please see the "Kyoto University Library Network Calendar" on the website below.

【Non-PRI Members】

[Visitor's Services]

From November 24th, entering the Library is not possible for the time being, but limited browsing is allowed.

Non-PRI Members can not enter the PRI Library.

After taking measures to prevent COVID-19, you can browse only specific materials at the entrance of PRI.

Please send an email in advance about the materials you want to browse, date and hours.

We may not be able to meet your requests.

We recommend using the Inter-Library loan service instead of coming to the Library.

*From November 24th, for the time being, it is prohibited to accept visitors from the Tokyo (23 Wards), Yokohama, Sapporo, and Osaka.

And also, we may refuse to visit from other domestic infected areas.

[Inter-Library loan] Available

We might not be able to meet your request on short notice.

Please apply with plenty of time.

【PRI Members】

[Visitor's Services]

Please use the library according to the rules at PRI.

*Hand washing, disinfection, wearing a mask, etc.

*Please use less than 5 people in the seminar room.

[Borrowing and Returning books] as usual

[Inter-Library loan] Available

We might not be able to meet your request on short notice.

Please apply with plenty of time.
